

AYUSH Research Portal is an initiative of the National Institute of Indian Medical Heritage. It contains the research data of Ayurveda, Yoga and Naturopathy, Unani, Siddha, Homoeopathy along with AYUSH related research done by the allied sciences. It has mainly two applications.

- Search of research data by the User
- Uploading of research data by the selected institutes

User can get Clinical research articles for specific disease condition by selecting the medical system, body system and disease (English). User can also get the research articles by simply clicking on the following categories

- Clinical Research (A, B, C gradation was also given to the clinical research articles based on the WHO grading recommendations)
 - Pre-Clinical Research
 - Drug Research
 - Fundamental Research

To upload the data in the AYUSH Research Portal, user has to login by entering the user name and password (which are provided by the NIIMH, Hyderabad to all AYUSH Research Councils & other selected institutes).
